Bill

Attached is the term sheet that we discussed. As you know, it was the product of extensive settlement discussions with Dan Larcamp, and hence is privileged under the Commission's rules regarding settlements. Thanks for taking the time to discuss these cases with me yesterday.

Mark,

It was good to speak with you this afternoon. I appreciate the briefing you gave to the staff case teams (IIC group and the DPT group) on Southern's progress toward resolving these dockets.

If you would forward a copy of the latest Term Sheet in the IIC case to me, I will see that Janet Jones and Donald Heydt and the IIC group review it and get their comments back to you promptly.

As to the DPT case, Cindy Govan and Bill Collins will be in touch with you and follow up on the items discussed over the phone.

Kind regards,

Bill
